

Post-Test Questionnaire for Computer Prototype

Thank you for volunteering! Please fill out this form.

I found the encounter with the prototype useful.

1 2 3 4 5

Strongly Disagree ☐ ☐ ☐ ☐ ☐ Strongly Agree

I would use an application like this rather than look at a map.

1 2 3 4 5

Strongly Disagree ☐ ☐ ☐ ☐ ☐ Strongly Agree

I would use an application like this rather than ask someone for directions.

1 2 3 4 5

Strongly Disagree ☐ ☐ ☐ ☐ ☐ Strongly Agree

I could see others using an application like this if developed.

1 2 3 4 5

Strongly Disagree ☐ ☐ ☐ ☐ ☐ Strongly Agree

I had no trouble finding the options and destinations I needed when using the prototype.

1 2 3 4 5

Strongly Disagree ☐ ☐ ☐ ☐ ☐ Strongly Agree

It took me little to no time to understand the structure of the interface and how to navigate the application.

1 2 3 4 5

Strongly Disagree ☐ ☐ ☐ ☐ ☐ Strongly Agree

I always knew my current location when using the prototype.

1 2 3 4 5

Strongly Disagree ☐ ☐ ☐ ☐ ☐ Strongly Agree

What are your suggestions for improving the home page?

Did you face any confusion with the interface? If so, please describe briefly.

How often did you play the video instruction when given the chance?

1 2 3 4 5

Never ☐ ☐ ☐ ☐ ☐ Always

I think the video clips contributed positively to my experience using this application.

1 2 3 4 5

Strongly Disagree ☐ ☐ ☐ ☐ ☐ Strongly Agree

Generally, what did you think of the way directions were given?

i.e. Do the steps need to be broken up more or combined? Videos vs picture?

What features did you like most from our prototype?

What features did you like least from our prototype?

What are your suggestions for improving the materials?

In your own words, describe what this application does in 1-2 sentences.
